

### GEMSYS ACC-001

### Automatic business card cutter

Model: Gemsys ACC-001

Method of Cut: Vertical: Cutting wheel, Horizontal: Cross-cutting

Feed Paper: Automatically by friction

Size of paper: A4 (210mm\*297mm)

Thickness of paper: 180g ---350g

Blade Life:  $\geq 1$  million times

Kind of Paper: Common, Card Paper

Speed: 100sheet/3minutes (A4)

Size of Cutting 89\*45mm,89\*50mm,89\*54mm,89\*95mm 89\*127mm

Capacity of paper: No more than 12 sheets (thickness in 0.25mm)

Size of machine: 430mm\*220\*385mm

Humidity: 35%-79%

Net Weight: About 13.5Kg

Power: AC220V, 50/60Hz, 0.5A

Characteristics:

1. It applies electronic eye induction system and microcomputer control which is easy operation, precise cutting and easy size adjustment
2. Unique unitary design of longitudinal cutter case, fast to replace
3. Can cut name card, photos and various certificate cards etc.
